Retimed trains during periods of leaf fall

From Monday 12 October until the end of the timetable, some Monday to Friday morning services (in some of our timetables) will be subject to retiming. This is part of our plans to overcome delays that occur during the autumn leaf fall period. Where trains run earlier for part of their journey two trains will be shown. The train running earlier than normal will be shown inside a blue border.

General information

Engineering work

Train times shown in this timetable are for the normal planned train service. However, engineering work may mean that these times change at weekends, late in the evening or early in the morning during the week, and during public holidays and special events.

When train times change, posters giving details will be displayed at stations.

You can look on our website at **southeasternrailway.co.uk** for a summary of local train changes. You can get more local and national information from National Rail Enquiries.

We make every effort to make sure the information in this timetable is correct, but there may be mistakes and some things may change. Please see our website for updates on timetables and the latest details about any engineering work.

Holiday services

Southeastern will run a normal Sunday service on public holidays.

Penalty fares

Please check notices displayed at stations for details of any penalty fares or other systems we have for making sure that people pay the correct fare.

Cycles

Cycles can be carried on our train services, except during busy weekday peak periods (trains due to arrive in London between 0700 and 0959, and those due to leave London between 1600 and 1859). Only folded cycles can be carried on these services and these must not block doors or aisles. Cycles are not allowed on replacement buses.

Safety at stations

Please take care at stations and keep yourself and your belongings well away from the edge of the platform. Be careful on stairs, escalators and footbridges, especially during wet and cold weather. Please make sure you keep your belongings with you at all times and do not leave them anywhere.

For your safety and security, we have CCTV cameras at some stations and CCTV evidence can be used in court.

Safety on trains and platforms

All our trains have sliding doors, which will close 30 seconds before the advertised departure time. Please make sure you have enough time to get on your train safely.

Some of our trains are longer than the platforms at some stations. We will make announcements on the platform or the train to make sure you travel in the right coach.

Please take care when you leave the train.

British Transport Police

If you need to report a crime or an incident on the train or at the station you should phone British Transport Police (or for emergencies, phone 999).
